KEY DATES

Application submission and registration: **December 18, 2022.**

Final submission deadline: **March 18, 2023.**

Conference dates: **April 18-21, 2023.**

REGISTRATION AND APPLICATION SUBMISSION

In order to form the program of the Conference and the Conference Proceedings application (Attachment 1) and abstracts (volume not less than 3 pages) should be sent by e-mail from December 18 2022 till March 18, 2023 complied according to the requirements (Attachment 2). It is also necessary to send the expert opinion on a possibility of publication of materials in the open press by e-mail: kazanconference_FTBT@mail.ru

During the conference, participants will be selected by the “UMNIK” Program, organized by the Foundation for Assistance to the Development of Small Enterprises in the Scientific and Technical Sphere. Winners will have possibility of financing of projects and training of innovative activity. Information about the “UMNIK” Program is available on the website: <http://www.fasie.ru>.

The conference program includes workshops and tasting of bakery, confectionery, dairy and meat products from leading manufacturers, as well as the festival-competition of innovative food products “Spectrum of Taste”. In order to participate in the competition, it is necessary to provide a brief presentation of the product (composition, characteristics, nutritional value, innovation, originality) and samples for tasting. The best products will be awarded with diplomas and prizes.

Conference languages: Russian, English.

VENUE

The conference will be held in Kazan at the Institute of food productions and biotechnology, in " Kazan National Research Technological University".

More information will be provided in the following information letter and at the University website www.kstu.ru

Contact of Organizing Committee at kazanconference_FTBT@mail.ru for additional information.

Kazan national research technological university
Russia, 420015,
Kazan, K. Marks Street, 68

This letter is the official invitation for participation in the conference.

Application for participation

The XVIII All-Russian conference of young scientists, PhD students and students
with the international participation
"Food Technologies and Biotechnologies"
April 18-21, 2023
Kazan

Surname	
Name	
Patronymic name	
Post	
Student, master, bachelor, PhD student
